

PRESSURE & OPEN FRYER

COLLECTRAMATIC®

Configuring a Collectramatic fryer into your kitchen floor plan offers you more productivity, flexibility, efficiency, and reliability.

1 PRODUCTIVITY

More Productivity for Less Money

18-head platform cooks more chicken than the other guy's 16-head, AND you keep your \$4,000.

Size and Ease Matter

18-head vs. 16-head per batch in almost the same space as two of the other guy's fryers. And still saves over 7% on kW at peak periods.

The Collectramatic **easily converts to an open fryer**, providing flexibility to your kitchen.

2 FLEXIBILITY

Collectramatic Fryers
 (3) 6-Head Fryers
18 Heads Total
 Total kW for platform is 31.5kW.

The Other Guy's Fryers
 (2) 8-Head Fryers
16 Heads Total
 Total kW for platform is 34.5kW.

4 RELIABILITY

A Workhorse Built for a Legend

Known for its 25-year lifespan and low cost of ownership, the Collectramatic offers unmatched reliability. It provides **longer warranties, less down time, faster recovery, and a proven track record.** *It won't retire until you do.*

3 EFFICIENCY

Low Oil Volume/Electricity

For over 50 years the 6-head Collectramatic has been a low-oil-volume fryer with a 75 lb. capacity that extends shortening life.

Collectramatic utilizes 38% less kW than other guy's 8-head.

● ● The Colonel called Collectramatic, "the best cooker ever!" Countless operators say "The chicken just tastes better from Collectramatic."
