

NEW!

Winston Table Kit with Plug Tool

Increase storage space in your kitchen, and store the filter and tools right where you need them!

These new kits improve the previous solutions by creating a space to conveniently store the F662T filter near the fryers. They also give you a handy location to store fryer tools so they are close, clean, and ready for use. Expandable through the available AC1020 trays, which are mounted below without requiring additional hardware. Mounts between any two Winston fryers. Kit AC1019.

**Store fryer tools close,
clean, and ready to use**

**Expandable with
optional AC1020
trays**

**Dimensions:
23.8"W x 26"D**

**Convenient
Storage for Filter**
